Education

2023 - 2025

Programming iPhone and Android

Malmö Yrkehögskola

2019 - 2021

Software Tester

EC Utbildning

2019

Introduction to computer science

EdX

2015 - 2018

Degree of Bachelor of Arts with a major in Leadership and Organization

Malmö University

Highly motivated and versatile app developer with a passion for creating responsive and accessible applications for both web and native mobile platforms. I'm recognised for my ability to prioritise tasks effectively, even in high pressure situations, and for excellent problem solving skills.

EXPERIENCE

2023 - now

Freelancing App Developer

Fiffiga Frun

Designed, developed, tested and soon will be publishing on App Store and Google Play.

Developed app using React Native, Expo and JSON. Used Figma for creating design. Implemented RevenueCat and Google AdMob for in-app-purchase and showing ads.

2024

App Developer

Missing Piece - School project

The design was created using Figma, the app was developed using Kotlin and Jetpack Compose.

2024

App Developer

CheerMeApp - School project

Created design in Figma, developed app in Swift and SwiftUI. Used Firebase for BE. Published via App Store Connect.

2021 - 2023

Software Developer

Cross Technology Solutions

Created and maintained web applications. Working on a daily basis with REST APIs. Designed new features using Figma.

Upgraded packages and dependencies. Developed charts and graphs using Apache Echart and Highcharts. Deployed new features and created new environments using AWS Amplify.

Proficiency in using Jest and Cypress. Using Sonarcube to enhance code by removing code smells and adding tests.

Implemented and maintained CI/CD pipelines using AWS Amplify as part of an overarching DevOps strategy, enabling fast and reliable deployments.
